YORKSHIRE
& HUMBER
CLIMATE
COMMISSION

THE CLIMATE ACTION PLEDGE

Businesses and organisations commit to taking action to...

- **Become climate ready**
adapting to our changing climate, becoming resilient to future impacts
- **Rapidly decarbonise**
with the goal of reaching net zero and aspirations for absolute zero
- **Restore and protect nature and biodiversity**
by going beyond 'do no harm'
- **Promote and deliver a just transition**
that leaves no-one and nowhere behind

THE CLIMATE ACTION PLEDGE

Pledge signatories agree that action will be most effective if it is carried out according to these four principles:

**Strong
leadership**

**Engaged
employees**

**Engaged
stakeholders**

**Fairness and
inclusion**

A VALUABLE DECLARATION

Pledge signatories become part of a network of organisations and businesses who:

- Have made a **public statement of intent** to take action for climate and nature
- Support each other with **knowledge sharing**, advice and empathy
- Can access support from the wider **Commission network**
- Meet at **networking events** organised by the YHCC
- Receive information from the YHCC about **useful resources**, tools and opportunities

PROGRESS MADE

Signatories are asked to self-report their progress on each pillar

- 43% have a plan for net zero and are making progress towards it
- Around 7% are just starting out in at least one area
- 46% report progress on climate adaptation, but details in the reporting indicate organisations may not fully understand adaptive action
- 41% have a plan for delivering a just and fair transition and are making progress towards it
